Experience

June 2019 - PRESENT
Freelance, London - *Training in Web Development*

- Taught myself basics of programming and Computer Science around web development through project based learning
- Built a good level of Vanilla JavaScript, HTML and CSS by making interactive, visually attractive and fully functional front-end applications and websites.
- Created back-end applications through Node.js, Express and MongoDB.
- Taught myself how to research and find sought information within a documentation, Stack Overflow and other online resources.
- Regularly attended industry meetups, completed multiple courses and generally dedicated all my time to learning new concepts and staying up to date via forums, podcasts, social media and blogs

May 2015 - June 2019
Maria Sabina, London - *Founder and General Manager*

- I designed our website and maintained a social media presence and advertising.
- I had a successful run at running a small business by setting up a taqueria in Brixton.
- I have built, ran and sold a small street-food restaurant. I covered all admin, finance, business development, people management/HR, marketing and supplier management with my partner covering the remaining.

September 2013 - June 2015
Sky, London - *Recruiter*

- I covered areas of Technology and then Sales and Marketing
- Managed multiple stakeholders and their expectations.
- Built a strong social media presence through LinkedIn, Twitter and Google Plus.
- Managed candidates pre and post onboarding.
- Built a strong understanding of corporate technology sector and some Agile practices.

September 2013 - June 2015
GBI Research, London - *Business Development Executive*

- B2B sales of business intelligence reports covering pharmaceutical industry.
- Lead sourcing and cold calling .

May 2010 - August 2012
MSC Cruises, London - *Sales Executive*

Education

September 2007 - May 2011
West London University, London - *2.1 BA(Hons) Business Studies*
